

Information about bicycle transportation service "Bipota"

Bipota (bāipōta) provides transportation from **Tokyo and surrounding areas to the race venue.**

This is a service that specializes in transporting TT bikes and road bikes.

This time, we will provide round-trip delivery to the Ironman Japan Minami Hokkaido venue.

Bring your bike to a triathlon shop etc. that accepts reception.

The day before the race, you can pick it up at the T1 venue.

After the race, we will pick up your car near the T2 venue and return it to a shop in Tokyo.

At that time, there is no need to disassemble or package the bike parts.

"As is" = rideable condition.

We also carry helmets, shoes, clothing, bottles, wetsuits, etc. necessary for races.

We will carry up to one gear bag together with your bike.

Please note that we cannot accept delivery from Haneda or Narita airports..

Advantages: When you use Bipota...

You don't need to do any of the following! It's such a luxury to be able to enjoy racing without having to worry about taking care of your bike!

- ① Disassemble at home.
- ② Assemble on site.
- ③ Disassemble and box again after the race.
- ④ Assemble and clean it when you get home.

↑These are no longer needed !
